Unit Class Disclosure:

Unless you are eligible for and have chosen I units, your NextGen 529 account will be automatically invested in A or C units (each unit class has different fees and expenses). If the assets across all of your NextGen 529 accounts are less than \$250,000, your contributions will be invested in C units that will automatically exchange to A units, without a sales charge, after 4 years from the date of initial purchase. When your total NextGen 529 assets reach or exceed \$250,000, contributions to your account will be automatically invested in A units without a sales charge. (You must provide evidence of the value of any NextGen 529 accounts not serviced by Vestwell for such values to be included in determining unit class eligibility.) Class I units are only available to certain investors. Step 3 of this form must be completed by your Financial Professional to confirm I unit class eligibility.

*Current assets may be exchanged twice per calendar year or upon a change of the Designated Beneficiary. Each portfolio has its own fee and expense structure. The new portfolio you are choosing to invest in may not bear the same fee and expense structure of the portfolio you are currently invested in. Please refer to the NextGen 529 Client Select Series Program Description and Participation Agreement for more detailed information on fees and expenses for specific portfolios. Please note that Units of the Principal Plus Portfolio may not be exchanged for Units of the NextGen Savings Portfolio.

**Investment instructions for future contributions may be changed at any time.

*NextGen Savings Portfolio: Capitalized terms used in this paragraph are defined in the NextGen 529 Client Select Series Program Description. The portion of the underlying deposits in the Bank Deposit Account that is attributable to the Units held by a Participant in the NextGen Savings Portfolio is (a) eligible for FDIC insurance coverage of up to \$250,000 per Participant (calculated on a basis which aggregates that portion of the underlying deposits attributable to the Units held by the Participant in the NextGen Savings Portfolio with all FDIC-insured assets held by the Participant at the Bank) and (b) for purposes of FDIC insurance coverage only, considered to be held in the same ownership capacity as a Participant's other single ownership accounts held at the Bank. However, Units of the NextGen Savings Portfolio are not insured or guaranteed by the FDIC or any other agency of state or federal government, FAME, the Bank or the Program Manager, nor does a Participant have a direct beneficial interest or the rights of an owner in the underlying deposits in the Bank Deposit Account. Participants are responsible for monitoring the aggregated value of the portion of the underlying deposits of the NextGen Savings Portfolio attributable to the Units of such Portfolio held by a Participant plus their other deposits held directly with the Bank, for purposes of the \$250,000 FDIC insurance coverage limit. Deposits held in different ownership capacities, as provided in the FDIC rules, are insured separately. UGMA/UTMA Accounts are generally treated as assets of the Designated Beneficiary, and other types of trust Accounts may be treated as assets of the trustee, for purposes of the FDIC limit. Custodians of UGMA/UTMA Accounts and trustees of trust Accounts should consider how these assets will be treated for purposes of the FDIC limit. For more information, please visit www.fdic.gov.
